While your neighbors at Seabrook Station work to ensure the facility remains one of the safest power plants in the nation, we want you to be aware of our plan to keep you safe in an emergency.

**HOW TO SHELTER IN PLACE**
- Stay inside. Keep all children and pets inside.
- Close all doors and windows and turn off all sources of outside air.
- Monitor the emergency alert station WOKQ 97.5 FM.
- If sheltering in place is recommended during school hours, children may be reunited.

**WHAT TO DO DURING AN EVACUATION**
If an evacuation is necessary, public safety officials will tell you over the emergency alert system radio station what to do. DO NOT evacuate unless directed to do so by public safety officials.

- Only take what you will need, including:
  - Clothing
  - Prescription medications
  - Special dietary foods
  - Pets
- Take your pets with you. Reception centers do not accept animals other than service animals. Plan in advance what you will do with your pets should you have to evacuate.
- DO NOT try to pick up children at their schools. The school will transport your child to the community’s reception center where you can be reunited.
- DO NOT call your local fire or police departments for information. Emergency workers will call your telephone line for emergency use. If you need special help, call your local Emergency Management Office.
- Stay tuned to your Emergency Alert System radio station: WOKQ 97.5 FM.

**PLAN FOR YOUR Pets NOW**
If you go, they go. Do not leave your pets behind. It is possible that only service animals will be allowed inside the reception centers. Take the time now to locate a facility outside of the emergency planning zone that will accept your pet if you need to evacuate.

**CHILDREN IN SCHOOL OR CHILD CARE**
During emergencies, most schools in the emergency planning zone will release students early. If your community is instructed to evacuate before you have been able to pick up your child, the school will transport your child to the community’s reception center where you can be reunited.

**FARMERS**
A fact sheet is available for farmers, food processors and food distributors located within 50 miles of the Seabrook Station Nuclear Power Plant. Go to ReadyNH.gov or call the New Hampshire Department of Agriculture, Markets, and Food at 603-271-3551.
IN AN EMERGENCY

- The area approximately 10 miles around Seabrook Station is called the emergency planning zone. New Hampshire communities are included in the following emergency planning zone areas: Breene ide, East Kingston, Exeter, Greenland, Hampton Falls, Kingston, Kingston, New Castle, Newfield, Newington, North Hampton, Portsmouth, Rye, Seabrook, South Hampton, Stratham, and Stratham.

- The area approximately 10 miles around Seabrook Station is called the emergency planning zone. New Hampshire communities are included in the following emergency planning zone areas: Breene ide, East Kingston, Exeter, Greenland, Hampton Falls, Kingston, Kingston, New Castle, Newfield, Newington, North Hampton, Portsmouth, Rye, Seabrook, South Hampton, Stratham, and Stratham.

- For an Unusual Event a minor problem has occurred at the plant. Public officials would be notified, but people in the area would not need to take any special actions.

- An Alert means plant safety could be affected. As a precaution, public officials may release schools and close roads and substations. Radio or news broadcasts would inform the public of these actions.

- A Site Area Emergency means a more serious problem has occurred. State and local officials will use the emergency alert system to keep people in the area fully informed. Siren and mobile alerts would notify persons in the area. State and local officials will use the emergency alert system to issue special instructions to those in the area.

- A General Emergency is the most serious type of emergency. It could involve serious damage at the plant and the release of radioactive materials. Siren and mobile alerts would notify persons in the area. State and local officials will use the emergency alert system to issue special instructions to those in the area.

EMERGENCY BUS INFORMATION

If your community is evacuated and you do not have your own transportation, buses will travel along designated routes to pick you up and take you to your reception center.
